

addmagazine n° 5 requirements

- Only 3 projects per designer or per design studio will be accepted.
- The main purpose is to view Belgian graphic design, however we will select some work from abroad too.
- The projects must be related to print. We can only accept webprojects if there is an interaction with print.
- Addmagazine is not responsible for any copyright. The copyright must be in your hands.
- Entry deadline: 30 July 2007

STEP 1

Please send us :

- direct url links to the projects on your website (preferable with captions)
 - or low resolution pdf files (preferable with captions)
- We will view the material and send you a email with our decision and/or selection.*
- Only send to: hugo@visionandfactory.com*

STEP 2

After having received our confirmation, we will ask to send you the following:

- name/address/tel/mobile/e-mail/url
- short textual review of your work
500 up to 750 characters (Word count, characters with spaces included)

Technical data about the images you will send

Make a compact but representative selection of your work samples and send them by yousendit or by cd-rom or dvd to the address as mentionned below.

- JPG files maximum at A4 format at a resolution of 300 dpi (CMYK mode)
- vectorial EPS files (note that EPS files have all fonts outlined and all linked high resolution files 'embedded')
- PDF files (high resolution 300 dpi)

Textual information about the work

Please send together with these files, per item or series:

- title of the project
- short description 50 up to 150 characters (Word count, characters with spaces included)
- name of the client
- year of publication

When sending visuals by e-mail please consider the following:

- do not send e-mails bigger than 8 MB, you can however send them separately
